

LESSON 12: Multiplication and Division Equations

Homework

.....
Name _____ Date _____**Directions:** Solve the following equations for the unknown value.

1. $2 \cdot \square = 12$

2. $\square \div 5 = 8$

3. $\square \div 7 = 8$

4. $7 \cdot \square = 14$

5. $\square \div 6 = 9$

6. $\square \cdot 7 = 35$

7. $6 \cdot \square = 18$

8. $\square \div 9 = 7$

9. $\square \div 5 = 9$

10. $\square \cdot 6 = 30$
