

LESSON 28: Coordinate Plane and Plotting Points

Homework

.....
 Name _____ Date _____

Directions: Use the coordinate plane to answer Questions 1 - 10.

1. Place a point at (5, 1) and label it A.
2. Place a point at (8, 10) and label it S.
3. Place a point at (2, 2) and label it V.
4. Place a point at (1, 5) and label it D.
5. Place a point at (9, 8) and label it Z.

Identify the coordinates in each ordered pair on the coordinate plane for the following points.

6. C _____
7. B _____
8. G _____
9. X _____
10. N _____
