

## LESSON 2: SOLVE – L

## Homework

.....  
**Name** \_\_\_\_\_ **Date** \_\_\_\_\_

**Directions:** Complete the S, O and L steps for the following problems.

Tomeka is in a jump-roping contest. She hopes to be the last person jumping rope at the end of the contest. In her practice yesterday, she jumped 294 consecutive jumps. She jumped one-fourth of them in the first 5 minutes of practice. How many times did she jump after the first five minutes?

**1. S** – Underline the question.

This problem is asking me to find \_\_\_\_\_  
\_\_\_\_\_.

**2. O** – Identify the facts.

Eliminate the unnecessary facts.

List the necessary facts.

**3. L** – Write in words what your plan of action will be.

Choose an operation or operations.

## LESSON 2: SOLVE – L

## Homework

.....

**Name** \_\_\_\_\_ **Date** \_\_\_\_\_

Marcella is playing a game with her brother. They have played two rounds, and the winner of the third round will probably win the game. They each need a total of 500 points to win. Marcella has 416 points, and her brother has seven-eighths of the amount of points Marcella has. How many points will Marcella's brother need to win the game?

**4. S** – Underline the question.

This problem is asking me to find \_\_\_\_\_  
\_\_\_\_\_.

**5. O** – Identify the facts.

Eliminate the unnecessary facts.

List the necessary facts.

**6. L** – Write in words what your plan of action will be.

Choose an operation or operations.

LESSON 2: SOLVE – L

**Homework**

.....  
**Name** \_\_\_\_\_ **Date** \_\_\_\_\_

Trey mows yards to earn money. He wants to purchase a new television for his family. The cost of the television is \$259. Trey earned \$75 per week for the last three weeks. How much more money does he need to earn to purchase the television?

**7. S** – Underline the question.  
 This problem is asking me to find \_\_\_\_\_  
 \_\_\_\_\_.

**O** – Identify the facts.  
 Eliminate the unnecessary facts.  
 List the necessary facts.

**8. L** – Write in words what your plan of action will be.

Choose an operation or operations.

Marta is planning a party for her little sister and 5 of her friends. The party will be on Saturday. She is filling bags with favors for each child. If she has 42 hair bows, 48 pieces of candy, 36 balloons, and 94 whistles, how many total favors could she put in each bag?

**9. S** – Underline the question.  
 This problem is asking me to find \_\_\_\_\_  
 \_\_\_\_\_.

**O** – Identify the facts.  
 Eliminate the unnecessary facts.  
 List the necessary facts.

**10.L** – Write in words what your plan of action will be.

Choose an operation or operations.
